

.....**RS** OUTDOOR SWITCH DISCONNECTOR

Type of switch disconnecter	Nominal voltage	Nominal current	Type of insulators	Type of operation	Type of pillar	Earthing switch	Breaking current
RS	-24	/630	/P	/P	/Z	/U	/K
Outdoor type RS	24kV	630A	P – porcelain S – composite	O – rotary P – up/down (plane)	Z – square E – round	U – with earthing switch no marking – without earthing switch	no marking - with arching contact 20A K – with vacuum chamber 630A

Example: RS-24/630/P/P/Z/U/K

Three-pole outdoor switch disconnecter type RS, nominal voltage 24kV, nominal current 630A, porcelain insulators, adapted to plane operating mechanism, adapted to square pillar, earthing switch, vacuum chamber.
